California State Plan for Career Technical Education Convening

PRESENTED BY
California Department of Education
California Community College Chancellor's Office
Jobs for the Future
FALL 2023

Four goals of State CTE Plan

Boost Data Informed Decision Making

Expand Work Based Learning with a focus on equity

Grow Dual Enrollment with a focus on equity

Plan to address CTE teacher and faculty shortages

A hand holding a blue pencil is writing on a form that has a grid of small circles, similar to a bubble sheet. The background is blurred, showing what appears to be a person's face and some papers. A white, torn-edge shape contains the text and list.

Perkins State Report

- Input needed from all regional colleges by November 17th
- Form requesting information will be sent next week

U.S. DEPARTMENT OF LABOR

Department of Labor –
Strengthening
Community Colleges
grant opportunity

- Stakeholders from the Central Coast K16 Collaborative are developing a proposal to support ICT/DM pathways for community colleges in the Central Coast CERF region.
- Funding is up to \$5,750,000 for four years. Colleges in the CERF region are eligible to participate and receive an allocation.
- A planning meeting will be held next week to discuss the details.

Hydrogen Hub

- **Air Products Congratulates ARCHES and All U.S. DOE Hydrogen Hub Award Recipients**
- **October 13, 2023**

Air Products would like to congratulate the Alliance for Renewable Clean Hydrogen Energy Systems (ARCHES) and all of the U.S. Department of Energy (U.S. DOE) Hydrogen Hub award recipients. We applaud the U.S. DOE's decision to award California up to \$1.2 billion for a regional clean hydrogen hub. Air Products is a proud member of ARCHES, the statewide public-private partnership and the organizer for California's Department of Energy clean hydrogen hub application.
