Supporting SCC during COE transition

Juan Madrigal (juan@coeccc.net), former assistant director for COE in LA and now an independent contractor, to support SCC requests until Santa Clarita has a new team on board and ready to go.

Requests for labor market data or reports should be submitted via the COE online form. The request information will be routed to both Juan and myself. Juan will follow up with the requestor with any questions he might have and an approximate timeline for the report.

Access the form at: https://coeccc.co1.qualtrics.com/jfe/form/SV_brb3ibflTxmTj7v.

We always encourage practitioners to submit early - once you've identified the target occupations, make the request!
