AV College New Baccalaureate Degree in Respiratory Care Set to Begin Fall 2024 Semester

Congratulations

Antelope Valley College will begin offering a baccalaureate degree in Respiratory Care beginning in the fall 2024 semester, college officials announced today.

The fully online program will provide respiratory care professionals who have completed the Associate in Science in Respiratory Care with a high-quality and low-cost alternative to complete their bachelor's degree.

Vision Aligned Reporting – Virtual Session

Vision-Aligned Reporting Virtual Convening

The Vision-Aligned Reporting (VAR) virtual convening on **May 6, 2024**, will provide attendees with training and information on the Chancellor's Office's new comprehensive reporting tool and process. This event is also designed to provide campus program staff and other VAR workgroup members with the opportunity to meet with their statewide counterparts to discuss (1) program-specific strategies for collecting reliable data, (2) how best to engage in cross-college conversations, and (3) how information collected through the VAR process can inform other campus wide conversations and activities.

This event is specifically designed for colleges and/or individuals who were unable to attend a regional convening. Learn more and register [here](#), and please contact VARSupport@FoundationCCC.org with any questions.

AI Survey

Developed by AI Working Group inspired by a presentation at last year's CCCAOE conference

CEO and CIO groups encouraging all colleges to request faculty and staff to complete

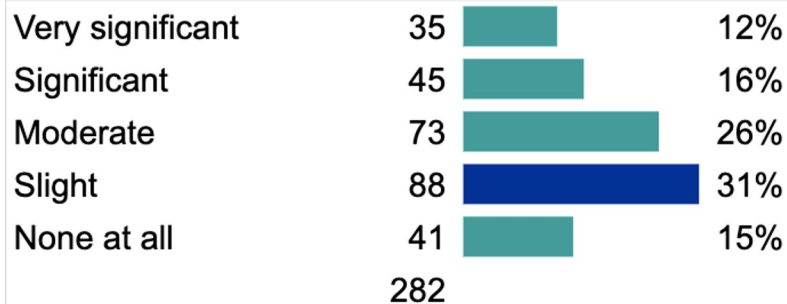

Surveys knowledge, use and concerns about AI, desire for professional development and cross-college conversation and collaboration

survey.regionalconsortia.net

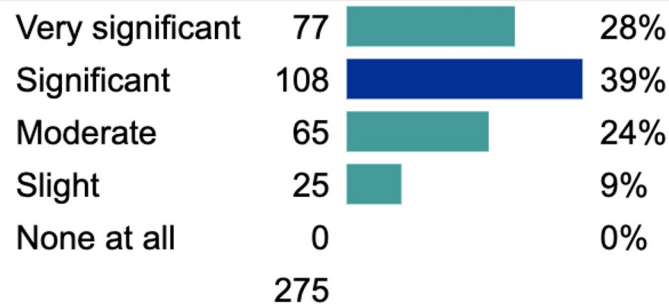

report.regionalconsortia.net

Colleges, districts may request their survey responses to inform local efforts

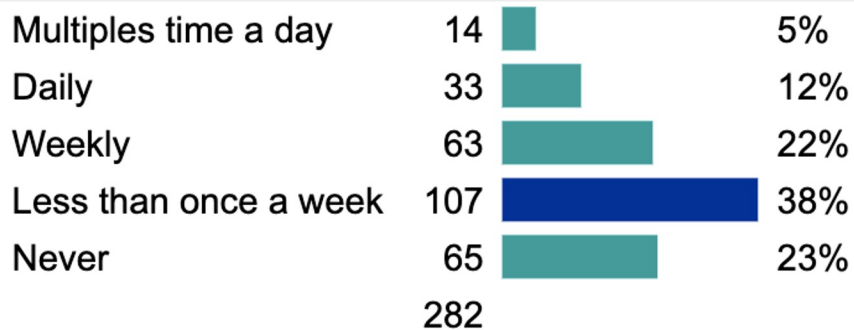

How much of an impact is AI currently having on your work?

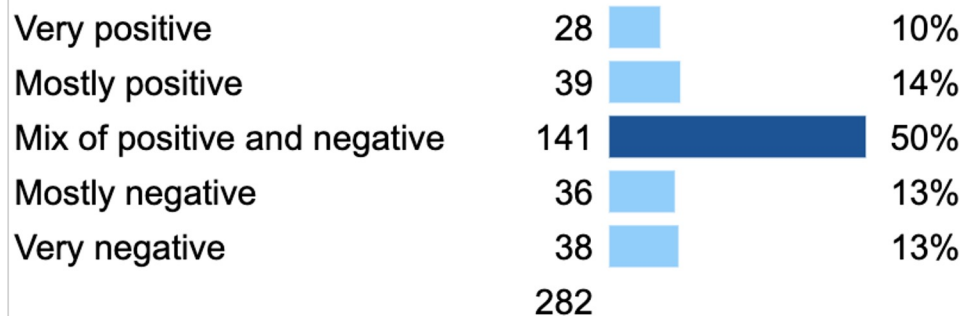

To what extent do you see AI impacting your work in the future?

How often do you use AI tools?

AI's impact on education and student learning will be

CALIFORNIA
GOVERNOR'S COUNCIL
FOR CAREER EDUCATION

Master Plan for Career Education

The leaders of California's education and workforce agencies—working with students, families, adult learners, workers, employers, labor, and community-based organizations—have developed a set of big ideas for creating more equitable access to living wage, fulfilling work. During 2024, Californians will have an opportunity to weigh in on how to translate those ideas into concrete actions.

This collaborative effort will result in a Master Plan for Career Education.

Southern Border: March 1, El Centro Interest Form	Inland Empire: March 29, San Bernardino Interest Form	Greater Sacramento: March 22, Sacramento Interest Form	Bay Area: April 12, Santa Clara Interest Form
Los Angeles & Orange County: March 8, Long Beach Interest Form	Central Valley: April 5, Fresno Interest Form	Far North and Redwood Coast: April 17, Eureka & Shasta (two locations) Interest Form	Virtual Session: May 15 Interest Form

Career Connect Employer Survey

Initial results will be provided by May 3rd

For the first time ever, CCCAOE will host **Vision 2030 Aligned Workgroups on Wednesday** after your regional meetings. This special hour will offer an opportunity to talk and discuss **8 key areas with key talent:**

- 1. Vision 2030: Strengthening ECE/Teacher Preparation Pipelines,*
- 2. Bridging Programs: The Non-Credit to Credit Implementation Professional Development Framework*
- 3. Advancing Behavioral Mental Health Workforce Development Initiatives in CA Community Colleges*
- 4. Future of Learning: Immersive Technology - A Vision 2030 Strategy*
- 5. CA Community Colleges Leading Climate Action*
- 6. Employer Engagement - Creating a Systemwide Framework*
- 7. Strengthening Rural/Remote CA Community Colleges*
- 8. Guided Pathways & Workforce Development: A Synchronized Approach*
