Academic Coaching

From the desk of:

Antonio Munguia

Brawley Union High School District Principal

*“Before the October Virtual Conference, I was unsure and on the fence on whether the Get Focused Stay Focused (GFSF) School-Wide Initiative was the right program for the students in our district, but after attending the virtual conference, I am now 100% certain GFSF is the right choice for our students. **The sessions were informative, practical, and relevant to our goal of better preparing our students for their post-secondary career and college endeavors.** I highly recommend participating in the GFSF Virtual Conference in February.”*
