g) <u>Fall return to in-person</u>:
1. <u>Allan Hancock</u> has created an in-person Fall schedule, but they have a "ghost online schedule." Faculty can choose their modality.
2. <u>COC</u>—the business department chose to keep just online. They have a one-day a week in-person and a two-day-a-week. Case by case basis. The labs are a big discussion. They think that Spring 2022 will be the big shift back.
3. <u>SBCC</u> – they are shooting for 40% of course offerings being in-person. For CTE 55% of course offerings will have all labs onsite. Some departments voluntarily requested to come back fully in-person. They are using Fall as transition in (more flexible). They are asking for volunteers to come back in-person. Spring will be fully on site. They are anticipating being able to operate under a 3-foot social distancing separation. Facilities personnel are removing one row—dropping from 30+ students down to 24.
4. <u>Ventura District</u> – Expectation is that all employees back on campus as of August 1st. At Ventura College, about 40% will have an in-person component. At Moorpark they are recommending that all personnel be vaccinated. The summer and fall schedules have been posted, so their caps are reflecting the 6-foot social distancing at this point, but are hoping for the 3-foot rule to go into effect in July. They will have large tents that can hold up to 60 students at a time on campus. At this point in time, Moorpark is about 35% in-person.
