

CCCAOE LEADERSHIP LEVEL 2.0

JUNE 13-16, 2022

COSTA MESA

LEADERSHIP IS CHANGING!

What are the skills and mindsets you need to master in order to lead in a post-Covid world? Whether you're a current or future leader, Leadership Level 2.0 is one that you should attend. The community college system is becoming increasingly connected, which means every campus has the potential for expanded reach. Leaders need to understand and appreciate new cultures, actively seek out diverse teams, lead teams with different backgrounds, and know-how to enter and succeed in collaborative endeavors. Community college leaders also need to know how to navigate and successfully lead work within a shared governance environment. Administrators need skills to build relationships with faculty leaders to build support and momentum around new ideas and navigate the politics on campus.

Level 2.0 will focus on the mindset and skills of leading from **Mickey Porter** facilitating **Dare to Lead**, training developed by Brené Brown, and **mentoring from Community College Leaders**.

ITINERARY

The in-person series **begins June 13, 2022**, ends Thursday, June 16 at the Marriot BonVoy - Avenue of the Arts Costa Mesa.

New - Mark your calendars for **monthly mentor sessions**. Participants will be placed in small communities of practice for monthly mentoring sessions where you can **learn** from your mentor, **ask questions** and **share experiences** with your peers. **Eight monthly sessions** will be set with your group during the June in-person series. **Graduation** will be held on the Friday of the Spring 2023 Conference.

June 13 - 10:30 to 6:30, includes lunch and networking reception

June 14 - 8:00 to 5:00, includes breakfast and lunch

June 15 - 8:00 - 5:00, includes breakfast and lunch

June 16 - 8:00 - 11:30, includes breakfast

WHAT YOU WILL LEARN

- To be open to other people and ideas
- Learning what it means to be an **active listener** vs. what is written
- Collaboration and teamwork
- Be a course changer, embracer of the new and unknown
- **Propelling your team beyond** – coaches and leaders develop their people to be more successful than them
- **Forward-thinking** – staying on top of trends and connected to networks
- **Master communicator** – Listen to understand and use the feedback to embrace change and create actionable next steps
- Understanding the value of **emotional Intelligence** – Great communicators **build connections** and aren't afraid to **be vulnerable**. **Empathy** is understanding the feelings and perspectives of others. **Self-awareness** is about understanding your strengths and weaknesses and helping others understand yours as well.
- All of these skills can be used to get work done and move people forward in a community college environment.
